Live at Eastcote and Enjoy Living

Diferent

All the Bungalows on the Eastcote Park Estate are Detached, all of distinctly different design, and are priced from £890 to £1,140, and quite a few have been built to Clients' own designs.

EASTCOTE PARK ESTATE is situated in one of the best residential districts in the Ruislip-Northwood Urban District Council's area, set in woodland surroundings, which are permanently reserved, having been acquired by the Middlesex County Council as part of London's Green Belt. The Estate is within easy travelling distance of Town, being 10 minutes from Eastcote Station (Piccadilly and Metropolitan Railways), and thence 24 minutes to Baker Street, from which the West End can be reached in 10 minutes, or, alternately, direct by the Piccadilly Line in 40 minutes.

The surrounding districts of Pinner, Ruislip and Uxbridge are easily reached by bus which passes the Estate.

It is customary, of course, for every builder to state that his houses are well built. Granted that this is so, then an inspection of the Bungalows on the Eastcote Park Estate will convince

anyone that these are exceptionally well built. I invite the inspection of any architect or practical builder. I am certain that before going into details, a glance will show that here is a first-class job, with the finish usually associated only with good-class work, and examination of the details of construction, whether it be the foundations, brickwork, plastering, roof construction, and the many hidden items, clearly proves how much better is the construction than usual. To put it shortly, it is so good as to be obvious.

When visiting the Estate, I would ask you to particularly notice the various points described above—the delightful district, the distinctive lay-out of the roads, the completely varied designs of the Bungalows, the unquestionable first-class construction, and the many attractive details of the interior finish, and I am confident that you will agree that rarely does one find, on any one Estate, all these features combined in such a degree of excellence.

This is a typical view of the delightful country lanes and beautiful scenery that surrounds the Eastcote Park Estate.

This is only part of the fine new shopping centre at Eastcote. Note the wide roads and pavements. Eastcote Park Estate is within five minutes' walk from where this photograph was taken.

Beautiful Surroundings

EASTCOTE, a village of truly rural aspect, lying between Harrow and Ruislip, was left in comparative peace and freedom from development owing to the absence of main roads. The coming of the railway changed all that. Rapid development catered for the increasing population which decided to settle in the neighbourhood when the big movement to get away from the Metropolis started.

Roads with large shady trees and well-kept gardens have done much to preserve the delightful sense of rusticity which is so evident within the district.

The residents of Eastcote are well provided for in the way of shops. Local tradesmen are alive to the possibilities of the district and can be relied upon to offer the very finest quality goods at competitive prices.

Education has received its full share of consideration. Every grade of school is represented for both boys and girls. Parents can rest assured that educational requirements can be fully met with by the elementary and private schools which are established in the immediate neighbourhood of the estate.

Northwood Golf Course and Sandy Lodge Golf Course, both 18 holes, need no introduction. Other sporting facilities include excellent tennis courts, both grass and hard, a bowling green, cricket and shooting.

Cinemas equipped in the most modern and comfortable manner solve the problem of what to do during the winter evenings.

COTE PARK ES

DISTINGUISHED DETACHED *Bungalows*

1st class construction is associated with good design, spacious planning, also constructed under my personal supervision. I offer a number of different designs, each with its special appeal, either in the matter of elevation, choice of bricks, or rendering. Oak flooring is supplied to the lounge hall, hall and dining room. Modern type flush doors are supplied throughout. Leaded lights are supplied to front and side windows. All gardens are enclosed with interwoven fencing and dwarf brick walls so as to ensure complete privacy for all. The front gardens are laid out with lawns, shrubs, etc. Brick-built coal and coke bunkers are supplied. Selection of fireplaces and decorations to patrons' own choice.
